2024 COLLECTION

2024 COLLECTION

My dear dad told me that his thoughts would wander whilst golfing. He said he knew he should have been thinking about his next shot, but I guess golf got him thinking about things. And that got me thinking about things.

It’s such a unique experience, golf. It’s unlike any other sport. Every round is different to the one before. Even if you played the same courses at the same time every day, the differences would pile up and force you to adapt and adjust.

In short, golf demands adaptability. And humour. But most importantly, it demands creativity!

Golf makes us all jazz musicians and stand-up comics. Golf makes us all artists. And the medium in which we work is the golf shot.

Arnold Palmer once said, “What other people may find in poetry or art museums, I find in the flight of a good drive.” Like Arnie, our muses are found on the links. From the lowly practice mat to a sublime sunrise, we’re inspired by everything we touch, see, smell and hear around this wonderful game.

We created the Royal Albartross 2024 Collection to help inspire golfers to paint their own masterpieces on and off the course.

Here’s to creating something beautiful.

PONTIAC

COLLECTION // v2

When we're boxed in by the trees, it's time to paint outside the lines. (Or think outside the box.)

The Pontiac Collection was inspired by a beautiful walk in the Michigan woods, and definitely not by the ridiculous amount of shots we've had to play out of the trees over the years.

NORTHCOTE

How can water hazards be so beautiful and paint such ugly pictures on our scorecard? After a trip to the Caribbean, we were inspired to add some classic water tones to our Northcote Collection. We love the blues, but not as much as the greens. (See what we did there?)

HOXTON

Some see an impossible tee shot. We see a blank canvas and a chance to try something new. The sleek Hoxton Collection is inspired by that feeling of a perfectly hit drive splitting a tight fairway and named after the narrow streets in one of our favourite neighbourhoods in London.
